Use of the Illinois Department of Public Health (IDPH) Practitioner Orders for Life-Sustaining Treatment (POLST) Form is always voluntary. This order records your wishes for medical treatment in your current state of health. Once initial medical treatment is begun and the risks and benefits of further therapy are clear, your treatment wishes may change. Your medical care and this form can be changed to reflect your new wishes at any time. However, no form can address all the medical treatment decisions that may need to be made. The Power of Attorney for Health Care Advance Directive (POAHC) is recommended for all capable adults, regardless of their health status. A POAHC allows you to document, in detail, your future health care instructions and name a Legal Representative to speak for you if you are unable to speak for yourself.

**Advance Directive Information**

**I also have the following advance directives (OPTIONAL)**

Health Care Power of Attorney       Living Will Declaration       Mental Health Treatment Preference Declaration

Contact Person Name <i>EVERYX</i>	Contact Phone Number <i>4291 075 241</i>
--------------------------------------	---------------------------------------------

**Health Care Professional Information**

Preparer Name <i>SUSAN WALSH</i>	Phone Number <i>4482 317 294</i>
Preparer Title <i>SOCIAL WORKER.</i>	Date Prepared <i>OCT - 2014.</i>

**Completing the IDPH POLST Form**

- The completion of a POLST form is always voluntary, cannot be mandated and may be changed at any time.
- A POLST should reflect current preferences of persons completing the POLST Form; encourage completion of a POAHC.
- Verbal/phone orders are acceptable with follow-up signature by authorized practitioner in accordance with facility/community policy.
- Use of original form is encouraged. Photocopies and faxes on any color of paper also are legal and valid forms.

**Reviewing a POLST Form**

This POLST form should be reviewed periodically and in light of the patient's ongoing needs and desires. These include:

- transfers from one care setting or care level to another;
- changes in the patient's health status or use of implantable devices (e.g. ICDs/cerebral stimulators);
- the patient's ongoing treatment and preferences; and
- a change in the patient's primary care professional.

**Voiding or revoking a POLST Form**

- A patient with capacity can void or revoke the form, and/or request alternative treatment.
- Changing, modifying or revising a POLST form requires completion of a new POLST form.
- Draw line through sections A through E and write "VOID" across page if any POLST form is replaced or becomes invalid. Beneath the written "VOID" write in the date of change and re-sign.
- If included in an electronic medical record, follow all voiding procedures of facility.
